Professional Summary

Java Developer fresher with hands-on experience in Spring Boot, Spring Security, REST APIs, JDBC, Hibernate, and MySQL. Skilled in backend development, JWT authentication, role-based authorization, secure API development, and database management. Strong understanding of OOP, Data Structures, Exception Handling, and backend system design concepts.

Technical Skills

Languages: Java, SQL, JavaScript

Backend Technologies: Spring Boot, Spring Security, REST APIs, JDBC, Hibernate/JPA

Database: MySQL

Tools & Platforms: Git, GitHub, Maven, Docker, Postman, AWS EC2

Core Computer Science: Data Structures & Algorithms, OOP, Multithreading, Exception Handling

Projects

Student Management System | *Spring Boot, Spring Security, REST APIs, MySQL*

- Developed a secure backend application to manage student records, academic operations, and user management.
- Implemented JWT-based authentication and role-based authorization using Spring Security.
- Designed RESTful APIs for CRUD operations with validation and global exception handling.
- Integrated MySQL database using Hibernate/JPA for efficient data management.
- Secured APIs using BCrypt password encryption and token-based access control.
- Tested APIs using Postman and followed layered architecture for clean code structure.

College Gate Pass System | *Java, JDBC, HTML, CSS, JavaScript, MySQL*

- Built a web-based application for managing student gate pass and leave requests digitally.
- Implemented multi-level approval workflow between Student, Parent, and Admin.
- Integrated email notifications for request approval updates and status tracking.
- Used JDBC for backend database connectivity and MySQL for persistent data storage.
- Designed responsive frontend pages using HTML, CSS, and JavaScript.

Education

Sage University <i>Bachelor of Technology in Computer Science Engineering — CGPA: 8.2</i>	2022 – 2026 Indore, Madhya Pradesh
Ceyone Ray International School <i>Class 12th — Percentage: 67%</i>	2022 Khirkkiya, Madhya Pradesh
St. Jude's Co-Ed School <i>Class 10th — Percentage: 91%</i>	2019 Khirkkiya, Madhya Pradesh

Achievements

- Built multiple backend projects using Java and Spring Boot technologies.
- Strong understanding of Data Structures, Algorithms, and Object-Oriented Programming concepts.
- Actively learning backend system design, Docker deployment, and cloud concepts using AWS EC2.
- Practiced REST API development, authentication systems, and database integration through projects.

Certifications

- Introduction to Java
- Spring Boot and REST API Development
- Backend Development Practice Projects
